STUDENT COUNCIL

DASMESH INSTITUTE OF RESEARCH & DENTAL SCIENCES

FARIDKOT

A Student Council is a group of elected and volunteer students working together with an adult advisor within the framework of a constitution or by laws to provide a means for student expression and assistance in school affairs and activities, give opportunities for student experience in leadership and encourage student / faculty / community relations. Through projects and activities, student councils work to:

- PROMOTE CITIZENSHIP
- PROMOTE SCHOLARSHIP
- PROMOTE LEADERSHIP
- PROMOTE HUMAN RELATIONS
- PROMOTE CULTURAL VALUES

OBJECTIVES OF STUDENT COUNCILS

1. To initiate, implement, and complete projects and activities which will be of help to the school, the students, the faculty, the administration, the Board of Trustees and the community.
2. To develop and provide opportunities for leadership and service in the local school and in the community.
3. To encourage personal growth of leaders through participation in district, state and national meetings and organizations.
4. To provide a living workshop of democratic processes, through such activities as elections, participation in a constitutional representative assembly, etc.
5. To contribute to the educational experiences of students by providing them with a positive involvement in the school, with widened areas of responsibilities and with more direct participation in organizing and implementing activities.
6. To promote respect for law and order and general welfare of the institution and community.
7. To promote an awareness of human relations, of power structures and how one effectively operates within them. These objectives are realistically approached through increasing avenues of cooperation among the administration, faculty and students.
8. To provide a viable means for student expression and an increasing amount of self-direction.
9. To improve understanding between and within groups through interaction and communications.
10. To develop student potential and encourage to make a well-informed, honest, interested and active citizenship.

11. To develop not only leadership abilities within the youth of today, but also leadership for the community, state and nation of tomorrow. In this process, it is also the objective to develop an awareness of good leadership qualities, hopefully, for a more informed, concerned and active citizenry of tomorrow.
12. To increase student involvement and institution pride.

Our institution aims to inspire and motivate the budding aspirants to reach the unreached for the betterment of the community by forming a student council. This kindles within our students a sense of responsibility, dedication and a purpose to put their selfless efforts and work towards the goal. Students are given as many opportunities as possible to practically implement what they learn and aspire to be through the Council.

One such opportunity is the management of all student-related activities on the campus. The council is utilized to put forward and inculcate novel and innovative ideas of the young generation in various aspects of our college like teaching, research, sports and cultural activities. Thus, in this way the students are given equal rights for the smooth functioning of the college.

Student Council has representatives from BDS interns in the college to look after all facets. It is collectively responsible for activities like management of hostels, academic concerns of students, organizing the cultural and sports activities on campus and many more. The student council mainly helps share students, ideas, interests and concerns with teachers and principals. It serves to encourage the student in learning about leadership. The Council has been restructured throughout the time to handle new demands.

REPORT ON STUDENT COUNCIL ACTIVITIES

YEAR: 2016

All the activities of our institution are broadly divided into the following categories:

1. Academic activities: This includes all CDE programmes, conferences, webinars, guest lectures & World Health Days/ Speciality days.
2. Non-academic activities: This includes tree plantation drives, charity programmes, sports & cultural programmes, Women Empowerment activities, convocations, alumni meet, etc.

Student Council representatives actively participate in various activities. They help in coordinating all the events related to academics and other co-curricular & extra-curricular activities, as per the directives of teaching faculty. They also motivate other students to take part in the activities conducted by the institute. They work as a medium between faculty and students. The students have been actively involved in all the activities of this year.

The details of all these activities are summarized month-wise in the table below:

REPORT ON STUDENT COUNCIL ACTIVITIES

YEAR: 2019

All the activities of our institution are broadly divided into the following categories:

1. Academic activities: This includes all CDE programmes, conferences, webinars, guest lectures & World Health Days/ Speciality days.
2. Non-academic activities: This includes tree plantation drives, charity programmes, sports & cultural programmes, Women Empowerment activities, convocations, alumni meet, etc.

Student Council representatives actively participate in various activities. They help in coordinating all the events related to academics and other co-curricular & extra-curricular activities, as per the directives of teaching faculty. They also motivate other students to take part in the activities conducted by the institute. They work as a medium between faculty and students. The students have been actively involved in all the activities of this year.

The details of all these activities are summarized month-wise in the table below:
