VISITORS INSTURCTIONS

1. Make sure you're visiting during visiting hours.

2. When visiting someone in hospital, always clean your hands using soap and water or alcohol hand sanitizer. Do this when you enter or leave a patient's room or other areas of the hospital.

3. Do not touch any medical equipment attached to the patient, such as I/V drips or catheters. This can cause infections.

4. If you have a cough, cold, diarrhoea, vomiting or any other infectious condition, you should not visit patients.

5. Don't bring eatables, toys, balloons, cameras and children (below the 12 year of the age) in the hospital.

6. Do not use the patients' toilets. Use the hospital's public toilets.

7. Smoking and Drinking alcohol is strictly prohibited in all areas of the hospital.

8. It's best not to sit on the patient's bed, as this can spread germs.

9. Don't talk or laugh loudly as it may disturb the silence of the hospital and other patients.

10. Don't use plastic carry bags.

11. Don't bring flowers and potted plants in hospital as these pose an infection risk to patients.

12. Spitting is prohibited in the campus.

13. Violence and aggression towards staff, patients or members of the public are not tolerated in the hospital. Defaulters be ready to face police.

14. Firearms and weapons must not be carried by anyone.

15. Don't keep excess cash, valuable goods, jewellery, laptop, intoxicant substance etc. with yourself in DIRDS area.

16. Avoid littering all around.Throw garbage/waste only in designated bins.

17. Follow strict COVID guidelines as per government instructions. Must get screened at the screening corner before entering the hospital premises.
