1. Academics Postgraduate Students:

Batch : 2023-2026

NAME	SUPERVISOR	THESIS	LIBRARY DISSERTATION
Dr. Dipanshu Jain	Dr. Ramandeep Brar	Anatomical position of impacted lower third molar in relation to inferior alveolar canal on cone beam computed tomography images – a descriptive observational study .	Recent advances in diagnosis and management of head and neck cancer.
Dr. Robin K Mathew	Dr . Gursimrat Brar	Comparative evaluation and efficacy of connective tissue graft from palate with cross linked volume collagen matrix for soft tissue augmentation during implant placement – a randomized control trial.	Minimally invasive surgical techniques in oral and maxillofacial surgery.

Batch : 2024 – 2027

NAME	SUPERVISOR	THESIS	LIBRARY DISSERTATION
Dr. Ankita kumari	Dr Gursimrat Brar	To compare the efficacy of collagen plug vs collagen plug with platelet rich fibrin in the preservation of extraction sockets – a randomized controlled clinical trial .	Regenerative procedures in oral and maxillofacial surgery
Dr. Kashish Juneja	Dr Ramandeep brar	To assess the role of tranexamic acid in prevention of dry socket following surgical removal of impacted mandibular third molar : a clinical study .	Surgical correction of maxillofacial defects
